InSinkErator Indulge™ Contemporary Dispenser (near-boiling/chilled)

The InSinkErator Indulge™
Contemporary Dispenser
seamlessly blends form with
function.

Not only does it deliver near-
boiling 98°C water and chilled
drinking water on-the-fly, the
tap comes in chrome or brushed
chrome finish.

No kettles, no leads, no clutter, no
fuss....just 98°C near boiling and chilled
filtered water at the flick of a lever.

Features:

- Small office or domestic applications
- Timesaving, safe and convenient
- Ergonomic and easy to use lever tap
- Uses less energy than a 40 watt light bulb. You only heat as much water as you need
- Automatic shut-off hot water lever for safety
- Very compact hot water and chilled tanks fitted out of sight under your bench, the tap is all you see
- Includes filter system to enhance the taste and quality of the water

Do your bit for the environment, you only heat or chill as much water as you need, the taps are energy efficient and economical...saving you money every time they are used.

InSinkErator near boiling water tap is approximately 20% less expensive to operate than a standard kettle when heating water.

With their elegantly sleek lines, InSinkErator models don't just bring style to the kitchen; they bring a level of convenience that fits today's busy lifestyles.

Once you have one, you'll wonder how you ever did without it.
